

Sprint 3 Report

Social Shopper

KMS Inc.: Axel Garcia, Omar Quinones, Ralph Brekan, Alan Vasilkovsky, Sean Anderson
11/19/19

Actions to stop doing:

- Waiting until the weekend to start working on the tasks.

Actions to start doing:

- Allocate time appropriately; allocate some time for this class.
- Checking email and seeing that a pull request is available
- Be more proactive on completing tasks

Actions to keep doing:

- Keeping Github up to date
- Testing the task code before it is considered done.
- Messaging on discord when a pull request is up
- Googling issues that are being encountered.
- Having others review the pull requests.

Work Completed/Not Completed:

- Completed: 20 Tasks
 - Continuous integration
 - Profile page shows user data.
 - Only display lists user belongs to
 - Add friend to friend's list
 - Items from database in list
 - Display friends from database onto the appropriate users friends list
 - Create a mock store with items sorted into categories
 - Create UI for adding a new item from the database
 - Fix Users in the database, allow for user to input display name.
 - etc.
- Not Completed: 3 Tasks
 - Be able to select a friend from friends list and invite them to your list, adding the list ID to their user profile.

Work Completion Rate:

- 0.95
